Know someone who wants a [SelectedWorks](#) page or who would like to contribute? Have them contact [bmatthie@butler.edu](mailto:bmatthie@butler.edu).

## Updating Your SelectedWorks Photo

The Digital Commons software will automatically resize your photo to fit in the thumbnail of your [SelectedWorks page](#). However, if your photo is the wrong size it can look distorted. The ideal photo size is 135px by 180px, but if your photo is a different size, it should have a width-height ratio of 0.75.

Please send all photo updates to [bmatthie@butler.edu](mailto:bmatthie@butler.edu). You can send us any photo that adheres to the above size recommendations. If you need a new photo taken, please contact the campus photographer, Brent Smith ([bsmith@butler.edu](mailto:bsmith@butler.edu) or 9444).

## Dynamic Content

Butler's [Digital Commons](#) is an electronic showcase for select faculty work. Much like other [institutional repositories](#), our primary content is traditional scholarship. However, Digital Commons is also an excellent vehicle for promoting such alternate content as audio, video, and presentations.

What follows are a few examples of contributors who have content that really stands out!

1. [Sample recordings](#) from Kate Boyd's CD
2. Amanda Gingerich's [visually dynamic](#) conference posters
3. A model PowerPoint presentation by [Panos Linos](#)
4. A conference series by the [Irwin Library](#)

The next time you send us SelectedWorks updates, please consider content that's beyond the typical article or book chapter. While traditional scholarship remains our foundation, it is our dynamic content that truly makes us stand out.
