LOVE...

is an *unique*

complicated simplicity

both *beautiful & messy*

has no boundaries

cannot be contained
does not know limits

bends

(MOLDS)

is carefully un*organized* &
melted-to-perfection

a *CELEBRATION!*

hope

of happiness

harmony

[an inner knowledge]

more than it appears

open to *interpretation*

provides hope

surpasses time

requires effort

"...is a many *splendid* thing

lifts us up ... where we belong

...IS ALL WE NEED."

- Christine Weisenbach
