Purpose

The Digital Commons Annual Report is a document that interested parties may use as a means of monitoring the yearly progress of the Butler University Libraries' institutional repository.

Overview

- 2011 Year-in-review

November 2011 marks the three-year anniversary of [Butler Digital Commons](#), the university's first institutional repository for faculty and student scholarship and other campus documents. Our primary mission remains the same: Digitize the intellectual assets of Butler University, which in turn exposes faculty and student scholarship to the global scholarly community.

In 2011 we continued to expand our presence on campus and abroad. Since 2009 site visits and content downloads have almost tripled and we have been visited by a total of 143 countries. Some of our notable accomplishments for 2011 are as follows:

- Partnering with the [College of Communication](#) and [Modern Languages, Literatures & Cultures](#) to build SelectedWorks pages on behalf of their faculty. Both sites are new and we are still harvesting their content, however, faculty from the College of Communication has already enjoyed 1,778 downloads. In addition, [student work](#) from the College of Communication received 623 downloads and a spot on our Top 20 Downloads list for 2011.
- Hosting Irwin Library's first-ever [digital library conference](#). This event was hosted by Lewis Miller, Dean of Butler University Libraries. This event showcased successful strategies for IR content acquisition and growth, distributing scholarship globally, and using metrics to assess progress. Speakers included institutional repository managers from the area and faculty from Butler University. The event was attended by representatives from 18 regional libraries.
- Partnering with the [College of Liberal Arts & Sciences](#) and the [Department of Philosophy and Religion](#) to host Butler's first digitally published scholarly journal: [The Journal of Hindu-Christian Studies](#).

What follows are additional highlights from the last three years of operation:

2011	Totals 2009 - 2011
133,244 full-text downloads	187,054 total full-text downloads
999 items added	3,336 total items
37,895 site visits	44,424 total site visits
138 visiting countries	143 total visiting countries
11 Communities and 31 Series	11 Communities and 31 Series
2 archived journals, 1 active magazine, & 1 active scholarly journal	2 archived journals, 1 active magazine, & 1 active scholarly journal
28 Selected Works Pages	83 total Selected Works Pages
203 student contributions	354 total student contributions
95 faculty contributions	380 total faculty contributions

The Digital Commons Team

Our accomplishments would have not been possible without help from the following people:

Staff

- Marcy Wilhelm-South, Digital Commons Assistant
- Laina Ridenour, Selected Works Assistant
- Mary Richardson, Thesis Assistant
- Max Hackman, Thesis Assistant

Students

- Mackenzie Szymanski, Scanning Assistant
- Jennifer Kugler, Scanning Assistant
- Madison Teskey, Scanning Assistant
- Megan Donisch, Scanning Assistant
- Jonathan Walter, Scanning Assistant

Finally, a special thanks to the many faculty and staff who have contributed in some way to the Digital Commons. Without your participation our continued success would not have been possible!
