SCIENTIFIC COURSE.

This Course will, beginning with the September Term of 1872, embrace precisely the Classical Course, except that it substitutes two years of French and two years of German for the four years of Greek.

Note.—Those who have this year—1871-2—completed the second Preparatory Latin will be permitted, if they prefer, to graduate according to the Scientific Curriculum of the last Catalogue.

SELECTED COURSE OF STUDY.

In addition to the Classical and Scientific Course, students having special ends in view, can study such branches as suit their purpose, and, having completed any branch or department, may receive a certificate to that effect; but no diploma will be granted, except upon satisfactory completion of all the studies of the Classical or Scientific Course.

The regular Classical Course is earnestly recommended by the Faculty and Directors, as that which the experience of the past and the practice of the best Institutions of the present have shown to be the best adapted to the harmonious development and training of all the intellectual powers.

DEPARTMENTS OF STUDY.

The Charter of this Institution authorizes its Board of Directors to organize Colleges for Literature and Science, Law, Medicine, and a Normal School.

The following Departments exhibit the course of Study required for Graduation in the College of Literature and Science. Additional Departments will be organized as the exigencies of the Institution may demand.

The plan of Study in the Classical and Scientific Course is more fully explained under the following divisions:

I. BIBLE DEPARTMENT.

PROF. JOHN C. MILLER, A. M.

In this the Bible is studied as a text book, and, while no sectarian dogmas are taught, its history, geography, antiquities, its laws, dispensations, prophesies, moral and religious truths, etc., will be the object of careful attention. This book will be treated as the grand source of our knowledge of moral and religious truth, of the will of God, of man's origin, duty and destiny, and as such of the highest interest and deserving the most careful study of every human being.

SCHOOL OF BIBLICAL LITERATURE.

REGULAR COURSE.

Freshman Class,

First Term..........................Gospels.........................(..English.)
Second Term........................Acts..............................(..English.)
Third Term..........................Epistles..........................(..English.)
Sophomore Class.

Second Term, Old Testament Commenced .................. (Greek.)
Third Term, Old Testament Finished .................. (Greek.)

The regular course of this School, will be essential to graduation in either the Scientific or Classical course of the University. The special course is intended for Ministerial Students only; and those who pass a satisfactory examination therein will be excused from junior mathematics.

The following books are recommended for constant reference in this department: Horne's Introduction, Smith's Bible Dictionary, Cruden's and Englishman's Greek Concordance, and Mitchell's Ancient Atlas.

An important adjunct to this department are the classes in the Hebrew and Syriac Languages, taught by President W. F. Black, A. M. The course of study in these Languages will embrace a period of two years, in Hebrew, as follows:

FIRST YEAR.

First Term .......... Hebrew Grammar ............... (Greene.)
Second Term .......... Hebrew Grammar ............... (Greene.)

In Syriac will be studied during the
First year—Uhlemann's Syriac Grammar.
Second year—Matthew and John, and selections from other books of the Syriac Testament.

II. MATHEMATICAL DEPARTMENT.

PROF. W. M. THRASHER, A. M.

The studies in this department are:
Algebra, Geometry, Trigonometry (Plane and Spherical,) Surveying, Mechanics, Conic Sections and Analytical Geometry, Calculus and Astronomy.

Special instructions will be secured to any who may pursue the subject of Surveying, with a practical object in view.
Mathematical Instruments—Planetarium, Plane Compass, Solar Compass, and Engineer's Theodolite.

The training of the logical faculties of the students will be a leading object kept in view in the Mathematical Course. To this end constant care will be exercised with regard to clearness of apprehension of terms and sequences, precision of statement and classification.

Field exercises in use of Mathematical instruments will be had during the study of Surveying, Trigonometry and Astronomy, in which will be taught practically, Compass Surveying; Leveling, Heights and Distances, Time, Latitude, Longitude, etc., etc.

III. DEPARTMENT OF NATURAL SCIENCE.

PROF. ALFRED FAIRHURST, A. M.

This department embraces the study of Chemistry, Natural Philosophy, Physiology, Botany, Zoology, Physical Geography, and Geology.
The Text Books in this department will be illustrated by experiments. For this purpose the Institution has been provided with a complete set of Philosophical instruments and the means of Chemical Experimentation.

Geology, Natural History, and Mineralogy, will be illustrated by constant use of the Cabinets—one a bequest of Van Tuyl, of Ohio; the other, a purchase from Wm. D. Frazee, Esq., of Winchester, and very full in its specimens for Conchology and Mineralogy.

BOOKS OF REFERENCE.

_In History._—Lenormant's Oriental History, Grote's or Curtius' History of Greece; Arnold's Merivale's, and Gibbon's Histories of Rome; Michelet's France, Kohlrausch's Germany, Abbott's Russia; Hume's, Macaulay's and Froude's England; Robertson's Charles V, and Hallam's Constitutional History of England.

IV. DEPARTMENT OF LATIN LANGUAGE AND LITERATURE.

PROF. SCOTT BUTLER, A. M.

Latin is taught during the First and Second Preparatory, Freshman, and Sophomore Years.

The course of study embraces a select course of reading from the Latin Classics, together with a thorough study of the Latin Grammar and exercises in Latin Prose Composition.

Lectures will also be delivered on Comparative Philology, Latin Literature of the Golden Age, Life and Times of Cicero, Roman Mythology, Poetry of Horace, and the Sects and Doctrines of the Latin Philosophers.
The course of study embraces, in the—

JUNIOR PREPARATORY.—Harkness' Introductory Latin Book; Harkness' Grammar and Reader.

SENIOR PREPARATORY.—Caesar's Commentaries on the Gallic War; Cicero's Orations against Catiline, Anthon; Virgil's Æneid.

FRESHMEN.—Cicero on Friendship and Old Age, Horace's Odes, Horace's Satires.

SOPHOMORE.—I and II, XXI and XXII Historical Books of Livy, Lincoln; Tacitus' Germania and Agricola, Cicero's Tusculan Disputations, Anthon.

It will be the aim in this Department to have the student thoroughly drilled in the principles of Latin Syntax rather than to have read, without critical analysis, a great number of authors.

V. DEPARTMENT OF GREEK LANGUAGE AND LITERATURE.

PROF. S. K. HOSHOUR, A. M.

Instruction in Greek extends through a period of four years.

SENIOR PREPARATORY.—Harkness' First Book in Greek continued through the year.

FRESHMAN.—Xenophon's Anabasis, Anthon; Herodotus.

SOPHOMORE.—Xenophon's Memorabilia; Thucydides, and Demosthenes.

JUNIOR.—Antigone of Sophocles; Plato's Apology and Crito, and Homer's Iliad.

LECTURES will be delivered before the Junior Class on the Ancient Drama, Grecian Mythology, and Early History of Greece.

VI. DEPARTMENT OF ENGLISH LITERATURE.

MISS CATHARINE MERRILL, A. M., PROFESSOR.

This Department will embrace Literature, (English and General,) Rhetoric and Composition, æsthetics, History of Philosophy, etc.

Theses will frequently be required of the classes in æsthetics, Literature and History of Philosophy, containing critical compendiums of the matters treated in the text-books. The principles of Criticism and English Composition will be thoroughly familiarized by daily exercises in Composition during the study of Rhetoric and English Literature.

The following books will be found valuable for reference: Literature—Dwight's Philology, Muller's Science of Language, Sismondi's Literature of the South of Europe, Dunlop's History of Fiction, Schlegel's and Hazlitt's Treatises on Literature, Kuyser's Religion of the Northmen, History of Philosophy, the works of Morell, Lewes, and Cousin. æsthetics—Taine's and Ruskin's works, and Cousin's True, Beautiful and Good.

PROF. GERARD MANY, A. M., FRENCH.

The course of study will embrace in German—

FIRST YEAR.

First Term—German Grammar and Reader, Comfort.
Second Term—Grammar, Reader, and Exercises.
Third Term—Grammar, Reader, and Exercises.

SECOND YEAR.

First Term—Schiller's Wilhelm Tell—1 act.
Second Term—Schiller's Wilhelm Tell—finished.
Third Term—Specimens of German Fiction.
Course of study in French—

**FIRST YEAR.**

*First Term*—Fasquelle’s French Method.
*Second Term*—Fasquelle’s Method and Telemaque.
*Third Term*—Fasquelle’s Method and Napoleon.

**SECOND YEAR.**

*First Term*—French Conversation, Cornelle’s Cid.
*Second Term*—La Litterature Francaise Classique.
*Third Term*—La Litterature Francaise Cotemporaine.

Prof. Miss Catharine Merrill will, for the present, take charge of the German Language and Literature. Her long familiarity with the language and its best literature, and a residence of some years in Germany, are sufficient guarantees of the training in this language.

Prof. Many, a native Frenchman, and educated in Paris, is thoroughly conversant with the literature of his vernacular, as well as with the idiom of the French Metropolis.

**VIII. DEPARTMENT OF VOCAL CULTURE.**

This Department, during the past year, has been ably taught by Prof. A. G. Alcott, A. M. It is the earnest desire of the Directors and Faculty to make the instruction in this Department, at an early period, to comprise a regular course, extending through one or two years. Its importance can scarcely be overestimated.

**IX. DEPARTMENT OF MUSIC.**

The Board of the University have been fortunate in securing the services of H. J. Schonacker, well known as a musical composer, and who has few equals in the West in the knowledge and execution of instrumental music.

We can confidently invite young ladies and gentlemen to place their musical education under his care.

In this Department will be taught the following: Musical Rudiments, Harmony, Counterpoint, Vocalization, Violin, Piano,
and Great Organ. Only qualified assistants will be employed. We announce to the public our purpose to conduct, at the University such a school of music as will attest our devotion to this, which, through its grandeur and beauty, has been styled "The Divine Art." We will spare no effort, and make it our aim to impart a thorough knowledge and appreciation of music, both in the classic works of our great masters, and the more recent productions of our living composers. Unworthy and trifling music will be withheld from students, and only such works, vocal and instrumental, placed in their hands as are suitable for practice, and which require careful study for their appreciation, and will prove not tedious, but a source of ever increasing enjoyment.

THE CLASS SYSTEM

Is now generally adopted in Europe and America, and meets with universal favor. By this means, the price of tuition is greatly reduced, and with careful grading according to merit, the result is favorable.
ANNOUNCEMENT FOR 1872-73.

DEPARTMENT OF MUSIC.

The Principal has deemed it expedient to divide the year for musical instruction into three terms, corresponding to those of the University.

TERMS.

Tuition, per quarter, payable invariably in advance, with deduction only for absence through sickness.

Musical Rudiments and Class Singing, price according to number in class.

H. J. SCHONACKER,
Principal Dept. Music.
(a) Week day lectures will be delivered in elucidation of subjects suggested by the text books. For their particular description, see Departments.

(b) Lord's Day lectures will be delivered weekly, during the first and third terms of each session, by a member of the Faculty, (or an acceptable substitute) on topics connected with the Christian Religion, or related to human conduct. Every student is required to attend the lecture and one other religious service each Lord's Day.

II. RHETORICAL EXERCISES.

Practical composition will hereafter be taught by Miss Merrill during the three terms of the second Preparatory Year. For vocal training, see Department of Vocal Culture.

III. LITERARY SOCIETIES.

Three Literary Societies are now organized and in successful operation in the University. These are the Mathesian and the Pythonian, composed of young gentlemen, and the Athenian, of young ladies.

All these societies are, by the by-laws of the University, placed under the supervision of the Faculty.

The Athenian will receive the care and attention of the Lady Professor, Miss Catharine Merrill.
These societies, properly conducted, are very important agencies in the social and literary culture of the students of the Institution. Well selected Libraries, accessible to the members of the societies, give important additional means of culture. Contributions to them will be thankfully received.

IV. COLLEGE MAGAZINE.

With the commencement of 1871 began the publication of the "University Review," a journal of communication between the Institution and its friends, students and Alumni, wherever scattered. It is hoped that every friend of the University will encourage this enterprise, by sending to the publisher, Professor C. E. Hollenbeck, of the Commercial Department of the University, the trifle required for an annual subscription. As a means of developing whatever of talent for written composition the Institution may possess, and as an organ of local and general College news, there is manifest need of its permanent publication.

V. LIBRARY AND READING ROOM.

The old University Office has been fitted up as a Library and Reading Room. It will be kept open for use of students from 2 P. M. to 3 P. M. on Monday, Wednesday and Friday, and from 8 to 10 A. M. of Saturday of each week. Any books contributed to the Library will be thankfully received and credited to the donors on the Library Register.

VI. COLLEGE CABINETS.

The Cabinets given to the Institution, by Van Tuyl, of Ohio, and purchased of W. D. Frazee, of this city, afford a very complete illustration of the rocks and fossils of the different geological eras.

There is a fair collection of shells, fossil and recent, and a very considerable number of specimens illustrative of ethnology.

It is hoped that the friends of the Institution will, whenever opportunity offers, forward specimens illustrative of any of the departments of natural science. Our friends traveling in different parts of the earth will please note this, and in seeking pleasure not forget the interests of science.
ORDER.

I. IN CHAPEL.

Each student, at the beginning of each term, will be assigned to a seat in Chapel, which he will be expected to keep for the term. Perfect decorum, and entire abstinence from whispering and reading, and all overt demonstrations of approval or disapproval, will be required. Students will stand during singing and prayer.

II. CLASS ROOM.

Entire abstinence from intercommunication, and perfect quiet and attention to the recitation is here required.

III. COLLEGE BUILDING.

No student will be allowed to remain in the halls during recitation hours. At the ringing of each successive bell the classes will be dismissed, and will proceed without delay to the room of the next recitation. Students not reciting will, unless expressly permitted to study elsewhere, be seated in one of the Recitation Rooms assigned for the purpose.

IV. COLLEGE GROUNDS.

Gentlemen permitted to study in Campus, will, during recitation hours, remain on west side of building. The privilege of outside study will be withdrawn at once from any student who abuses it.

V. GENERAL BEHAVIOR.

Courteous and respectful deportment from students to each other, and to the officers and Faculty of the Institution, a care-
ful observance of by-laws as to character and conduct, will be a necessary condition of a continued connection with the University.

During recitation hours, the young ladies will be under the immediate care and control of the Lady Professor; and during that time will meet the other sex only in the room where they recite. The same strict propriety will be required in the intercourse of the sexes everywhere, and at all times during their connection with the Institution. In no case, brother or father excepted, will a gentleman be permitted to visit a lady’s private room. It is believed that, with only the restrictions demanded by propriety, the association of the sexes in the collegiate career will greatly promote the social, moral, and intellectual culture of each.

COLLEGE EXAMINATIONS.

I. PRELIMINARY.

Every student, not having a satisfactory certificate, will, before class enrollment, be examined upon the branches which precede those which he proposes to enter.

II. DAILY CLASS.

The daily examinations will be conducted, as far as possible, by the topical method. Quiet, non-communication, and attention, are first essential. Each student, when reciting, will stand. An erect position, brevity and clearness of language, deliberation and distinctness of enunciation, will be required. The student, and not the teacher, will be expected to recite. “Yes” and “No” will not, therefore, be frequently demanded of the student. A prime object of the recitation will be to exhibit the knowledge, logical ability, and capacity for expression, of the student; to impart information will be subordinate, and only employed to clear difficulties not easily surmountable by the industry of the student.
III. TERM.

Written examinations on the branches pursued during the Term will be conducted privately at the end of the First and Second Terms, and publicly during two days at the end of the Third Term of each Session.

Whether by Faculty or Committee, the following order will usually be pursued:

1. Each candidate for examination will provide a lead pencil and an envelope in which are contained ten slips of paper of equal size.

2. Write at the top of each slip the number of the question, the question, and under this the answer, or, in mathematical problems, the solution.

3. At the close of period assigned for examination, the slips shall be placed within the envelope, the envelope sealed and inscribed with the name of branch of study, and of the student examined.

4. From beginning to end of recitation perfect non-communication between the members of the class under examination will be required, as well as entire avoidance of any outside aid whatever.

5. At close of examination of each student his envelope shall be handed to the Examining Committee, and the student can retire, unless otherwise notified by Committee.

Oral examinations of all the classes of the Literary College, of a half hour each, and continuing through Tuesday, Wednesday and Thursday of Commencement week, will be held publicly held in University Chapel. All students are required to pass both the oral and written examinations.

IV. SENIOR.

The members of the Senior Class shall sustain an examination in the following branches: Arithmetic, (Written) Geography, (Descriptive) and English Grammar. The examinations to take place in presence of the entire Faculty during the afternoons of the first week in February.

The Senior Class will be examined on the studies of the senior year during or previous to the first week in June.
COLLEGE RECORDS.

I. MATRICULATION.

In the Matriculation Book of the University will be recorded the name and age of each student, and the name and post office address of the parent or guardian at the time of entering the Institution, and upon the presenting of the Treasurer's receipt of tuition, matriculation, and janitor's fees paid.

II. CHAPEL.

On each Friday morning will be called the College Roll. Each student will respond to his name and answer as to presence or absence, as to attendance at church, lecture, and chapel. Unexcused absences from either will serve to lower the class standing for the term.

III. DAILY.

In a Class Book, kept by each Professor, will be entered daily a record of the proficiency, deportment, and attendance of each member of the class, for future reference.

IV. TERM.

The result of the written and oral examinations at the close of each term will be recorded, and upon a careful reference to these and the daily class record will be based the decision of the Faculty as to the graduation of any student in branches studied.

COLLEGE REPORTS.

During the last week of each term a report of the deportment, attendance, and proficiency of each student shall be prepared and sent to the parent or guardian.
DEGREES.

I. BACHELOR OF SCIENCE.

This degree will be conferred on students who have satisfactorily completed the studies embraced in the scientific course of the College of Literature.

II. BACHELOR OF ARTS.

In the same College will be conferred the degree of Bachelor of Arts upon completion of the classical course.

III. MASTER OF ARTS.

This degree will be conferred upon any Bachelor of Arts of the University at the end of three years, upon condition that during that time he shall have maintained a good character and been engaged in literary or scientific pursuits.

IV. BACHELOR OF LAWS.

This degree will be conferred on those who have finished the prescribed course in the College of Law.

HONORARY DEGREES.

The Institution will occasionally confer the degrees of A. M. and LL. D. upon persons who to a fair scholarship join a high character for energy and worth.

The above degrees will be conferred by the Board of Directors upon the recommendation of the Faculty of the College to which the candidate belongs.

DIPLOMAS.

When a degree has been conferred a diploma may be obtained upon payment of the fee of five dollars. Diplomas will also be granted upon satisfactory completion of the course in either the Musical or Commercial Department.
TERMS OF COLLEGE YEAR, FOR 1872-3.

The College year or session is divided into three terms, as follows:
First of fifteen weeks, beginning on Tuesday, the 10th day of September, which will give fifteen weeks before Christmas.
Second of twelve weeks, beginning the 6th of January, and ending on Friday, March 27th.
Third of twelve weeks, beginning on the Monday of the week following the close of the preceding term, and ending June 20th.

VACATIONS.

Vacation of two weeks will be given at the close of the first term.

EXPENSES.

The fees in the Institution are fixed as follows:
For tuition in College proper and Preparatory Department—
Per Session in scrip.............................................. $42 00
Per Term in scrip.................................................. 14 00

MATRICULATION FEES.

Per Session in cash............................................. 5 00
Per Term in cash.................................................. 2 00
Janitor's Fees per Term......................................... 2 00
Graduation fee................................................... 5 00

BOARDING.

Board is easily obtained in good families, and convenient to the Institution, at four to five dollars per week. Students can board themselves at much lower rates.

SCRIP.

Those students who have not scrip can generally obtain it of the Secretary at $3 $\frac{3}{4}$ cents per dollar.
The following will approximate very closely the

NECESSARY EXPENSES:

Per Session, tuition, (scrip at $3 \frac{3}{4}$ per cent.)...................... $14 00
Per Session, Janitor's fees......................................... 6 00
Per Session, boarding at $4.50 per week............................ 175 50

Total for one College year exclusive of books........... 195 50
Other expenses, as clothing, etc., are different for different students, but from the above, any student may approximate the annual necessary outlay.

Many students board themselves at $2 00 per week. This would reduce the above about $75 00.

FREE TUITION.

Tuition fees in the Institution are payable in Interest Scrip, which is issued to and belongs to stockholders. Stockholders having a supply of this scrip, propose to furnish it gratuitously to worthy students, who, in good faith, propose to devote themselves to the work of the Christian ministry, and need help to enable them to complete their studies for that purpose. Such students may rely upon being furnished with scrip to pay their tuition fees.

TO STUDENTS ON ARRIVING IN THE CITY.

On arriving at the Union Depot of the city, students will reach the University by the Massachusetts Avenue line of street cars. Any information respecting places for obtaining boarding, or the Institution, can be obtained by calling on the Secretary, Prof. C. E. Hollenbeck, at the office of the University, from 9 A. M. to 12 M., or at his residence.

TO THE ALUMNI OF THE N. W. C. U., THEIR RELATIVES AND FRIENDS.

It is desirable to preserve biographical statistics of each graduate of the University for future use. Information as to any of the items following, we should be glad to receive addressed to the Secretary:

1. Name of graduate and of his or her parents.
2. Date, month and year, and place of birth.
3. Facts of early life and education.
4. Date of admission to College, and class entered.
5. Particulars of professions studied, degrees, etc., etc.
6. Any offices, titles, honors of after life.
7. Marriage, facts of subsequent history, and time, place, and circumstances of decease.
Two years ago, the Board of Directors determined to organize and equip, as one of the Colleges of the University, a school for the special preparation of young men and women for commercial pursuits. This was accordingly done under powers granted by the charter of the University.

The following exhibits the course of study:

I. BUSINESS DEPARTMENT.

C. E. HOLLENBECK, A. M.

Book-keeping, single and double entry, is taught thoroughly by an experienced practical accountant. The method at beginning is to analyze simple transactions, determine the exact relations to the business of the persons, property and causes involved in them, then to devise the best method to so record these relations as to show results.

After a thorough elementary drill, the student proceeds to open, write up, and close about twenty-five sets of books, illustrating the following kinds of business: Single Proprietor, Partnership, Joint Stock Company, Retail and Wholesale Merchandising, Jobbing, Farming, Commission, Administration, Forwarding, Brokerage, Mining, Contracting, and Banking; also methods of changing books from single to double entry, and vice versa, and from single proprietor to partnership books, and vice versa.

The student acquires a considerable knowledge of each kind of business, and he makes and uses Notes, Drafts, Receipts, Or-
ders, Checks, Certificates, Bills, Accounts Current, Accounts, Sales, Invoices, Bills of Lading, etc.

Principles and practice of business receive careful explanation, and are illustrated and rendered familiar by mimic transactions, involving all the steps and forms of real business.

Commercial Law in practical easy lectures on Common Contract, Partnership, Agency, Negotiable Paper, and Common Carrier, calculated to give an available knowledge of these important subjects.

Business Computations, involving special training in the ready application of the principles, and methods of arithmetic to business transactions.

Business Correspondence, Papers, and Forms, are taught and practiced until readiness and precision are secured.

II. POLITICAL ECONOMY.

A. FAIRHURST, A. M.

The importance of giving attention to the science of economy as applied to States and Nations, is growing to be generally recognized. Besides the class exercises, it is intended that there shall hereafter be a course of lectures each term on this subject.

III. ARITHMETIC AND ALGEBRA.

W. M. THRASHER, A. M.

The Arithmetic is a special class of advanced students. Algebra, optional.

IV. ENGLISH COMPOSITION.

COLLEGE OF LAW.

FACULTY.

Hon. Horatio C. Newcomb, LL. D.
Professor of Equity Jurisprudence, Law of Corporations, and Partnerships.

Hon. Byron K. Elliott, A. M.
Professor of Real Property Law, Criminal Law, Practice, Pleadings, and Evidence.

Charles P. Jacobs, Esq., A. M.,
Professor of Natural and Municipal Law, Rights of Persons, Law of Contracts, and Personal Property.

THE LAW CLASS OF 1871-72.

This Department, only re-organized during the last year, has already gained an enviable reputation for the thoroughness of its lecture course. The gentlemen composing the Faculty were selected on account of their known fitness for the positions they occupy, and because their ages, tastes and habits of thought would fully represent the enterprise and energy of the present era.

Beginning, as the lectures did, in the middle of the last Session, little more than to make a beginning was expected, but the success of the short term has been such as to warrant the high-
est anticipations of success during the coming session; and it is
hoped and believed that the unusual advantages of location and
the assurance of thorough instruction, will soon make the law
class of this University second to none in the country, either in
numbers or scholarship.

In relation to the advantages of location, we quote the follow-
ing from our circular, issued January, 1871:

"The advantages accruing to the student who pursues his
legal studies at this institution are, it is believed, unequaled in
the State. It is located at Indianapolis, whose importance as a
commercial city is now second to no inland city of the Union.
It is the seat of the State government, and the General Assem-
by holds its sessions here every two years, with the probability
that, sooner or later, the sessions will be held annually.

"Here, too, are held the Courts of the United States, Circuit
and District; the various Courts of the State, Supreme Court,
Circuit Court, Superior Court, Common Pleas Court, and Crimi-
nal Court; and these are in session at Indianapolis during the
greater portion of the year, and the causes argued in their
several forums are among the most important and interesting
which can arise in modern litigation.

"Here, too, is located the State Law Library, the most exten-
sive collection of legal works in the State, which is open every
day, during ordinary hours, to students, free of charge; and in
the various law offices of the city are found numerous extensive
private collections of law books, many of which are accessible,
at proper times, to students."

COURSE OF STUDY.

Lectures will be delivered on Mondays, Wednesdays, and
Fridays of each week. On Tuesdays, a general review will be
had of the week's work, and on Thursdays, Moot Courts will
be holden by one of the Professors, in which questions of present
and practical interest will be discussed and causes tried, to be
conducted by the students, who will be required to prepare
pleadings, furnish briefs, and make oral arguments.

No examination and no particular course of study is required
for admission. Students will be required to be punctual in their
attendance upon the lectures, and industry and scholarship will
alone be encouraged. Nothing else will succeed in the College or in the profession.

The lectures for the session of 1872–3 will begin on

**WEDNESDAY, THE 2D OF OCTOBER, 1872,**

and continue until the 18th day of December, 1872, when there will be a vacation of two weeks. Lectures will be resumed again on Thursday, the 2d day of January, 1873, and continue until Wednesday, the 26th day of March, making a session of twenty-three weeks.

**TEXT BOOKS.**

The text books used and referred to are those in general use, and are to be found in all private or public law libraries of any importance, and the students will probably be able to secure the use of most, if not all, of them, without being compelled to purchase for themselves. Should any, however, prefer to purchase their own, the following are recommended: Kent's Commentaries on American Law, Blackstone's Commentaries, Washburn on Real Property, Smith on Contracts, Greenleaf on Evidence, Stephen on Pleading, Smith's Mercantile Law, Story's Equity Jurisprudence, Williams on Personal Property, Browne on Frauds, Broom's Legal Maxims, Angell and Ames on Corporations. In all cases it is best to purchase the *latest* editions of text books.

**TERMS.**

The lecture fees are $30 for the session, payable invariably in advance. Payment may be made to either of the Professors in this Department, or to the Treasurer of the University.

The annual commencement will be held at the close of the session, and the degree of Bachelor of Laws will be conferred upon such students as shall pass the proper examinations, and whose deportment and attendance upon the lectures shall be such as to merit the approval of the Faculty.

Each candidate for graduation may be required to prepare and read at the annual commencement a thesis upon some topic connected with his legal studies.

Students intending to enter this Department are requested to be punctual in their attendance upon the first day of the term.

It will be seen by inspecting the courses of study, that a new Chair has been added, called the "Demia Butler Chair of English Literature," in honor of Demia Butler, now deceased, the first female to be graduated in the full Classical Course of the Institution. This Chair has been endowed by Ovid Butler, Esq., of this city, to be perpetually filled by a female Professor. The Board have been fortunate in securing the services of Miss Catharine Merrill for the Chair, a thorough teacher, of large experience, and under whose care the friends and patrons of the University may safely place their daughters, and to whom without reserve they may intrust their moral and educational wants and interests.
TO THE FRIENDS

OF THE

NORTH WESTERN CHRISTIAN UNIVERSITY.

The session of 1871-2, as the accompanying Catalogue will show, has witnessed a continuance of the unusual prosperity which the last few years have brought us.

All well wishers of the cause of Education must regret that no man has, so far, been found of the requisite zeal, energy and business capacity, who is willing to devote these for a few years in order to place on a basis of assured success this Educational Enterprise.

The Institution has made an excellent beginning; has already a foundation sufficient to enable it to live and accomplish great good. Of this the past history of the College affords ample proof. But, believing as we do, that the full measure of a great University is within its certain reach at the price of a reasonable expenditure of energy, we cannot rest content with the present success, however encouraging.

The Board have used considerable effort in the right direction and as we close the Collegiate year of 1871-2 we have intimations of a decidedly encouraging nature touching the financial agency.

We wish it clearly understood, now and hereafter, that all the friends of the University and of Education generally, will always find a cordial welcome awaiting them whenever, in visiting Indianapolis, they may favor the Institution with a visit.

We would especially be glad to see them during the closing days of the college year, when for nearly two weeks, the closing Exercises and Exhibitions of the Literary Societies, the Examinations, written and oral, and the Commencement Exercises are taking place. May God increase continually our zeal in behalf of a generous Christian Education, and our willingness to work for truth always and everywhere.
AN ORDINANCE

FOR THE

Government of the University.

OF STUDENTS.

Section 19. Students of either sex, of good moral character and habits shall be entitled to admission into the University. Every candidate for admission as a student, must pay the Treasurer of the Institution the tuition fees in advance, for not less than one term. Section 20. To remain a student in connection with the University, every student is required to observe the following regulations:
1. Immediately after matriculation, the student shall select from the different schools, with the advice and consent of the Faculty, an amount of study equal to three daily recitations.
2. That the student be diligent in study, and punctual in his attendance upon recitations, examinations, and other college exercises.
3. That having entered any College Class, the student shall not leave it without the permission of the Faculty.

4. That the student neither introduce nor use upon the premises of the University, any intoxicating beverages.

5. That the student do not bring nor use upon said premises any fire arms, dirk, bowie-knife, or any other kind of deadly weapon.

6. That the student abstain from profanity, the desecration of the Lord's day, all kinds of gaming, even for amusement, and whatever is inconsistent with good order, good taste, and good morals.

7. That the student attend public worship at least once every Lord's day.

The marriage of any student, during term time, shall, in the discretion of the Faculty, be regarded a sufficient reason for the disconnection of such student from the Institution for the balance of the term.

OF DISCIPLINE.

SECTION 22. The discipline of the University is confided to the Faculty, under the provisions herein contained. As far as practicable, it shall be parental, and all severe and disgraceful punishment shall be avoided, and appeals addressed to the reason and conscience. But to maintain good order, and to secure the very important objects for which the Institution was founded the Faculty may inflict, at their discretion, according to the character of the offense, any of the following penalties:

1. Private admonition.

2. Public admonition.

3. Suspension for a time, at the discretion of the Faculty.

4. Expulsion.

No student shall be publicly suspended or expelled without an opportunity of being fully heard in his or her own defense; and in all cases of expulsion, the party expelled may appeal to
the Board within thirty days, in which case the action of the Faculty shall not be final, till confirmed by the Board of Directors or Business Committee. The appeal shall be filed with the Secretary of the Board, and shall be acted on by the Board or Business Committee, as soon as either can be called together.

But whenever the Faculty are satisfied that owing to the habitual idleness, profanity, or any other cause, the presence of a student in the University is unfavorable to its prosperity and the welfare of other students, they may suspend him or her privately, or require the parent or guardian to remove such student immediately from the Institution. In all cases of suspension or expulsion the delinquent shall forfeit the tuition fee for the remainder of the term.

Sec. 23. The Faculty may, from time to time, make such prudential regulations pertaining to the social intercourse of the sexes as they may deem expedient.
