WHAT'S IN? – A NAME! – Part V

Steve Kahan
Hollis Hills, NY

The consolidations in the list below are the result of eradicating four-letter male names from thirty words and closing up any subsequent spaces formed. (Perhaps a more apt title would have been “Four – The Boys”?) Restore as many of these guys as you can to their rightful positions in order to identify the original words. Fear not, however – MENsa membership is not a prerequisite for a successful pursuit of this challenge!
