THE LONGEST PALINDROME

JEFF GRANT
Hastings, New Zealand

Editor's note: The following palindrome of 5,023 words is claimed by the Guinness Book of World Records (1977 edition) to be the longest one ever constructed. To help the reader visualize its internal structure, the palindrome has been arranged in two columns on each page; the left-hand one is read in the normal manner, but the right-hand one reads from the bottom of the page to the top. Thus, mirroring parts of the palindrome can be found on the same horizontal line (or at most a line or two offset). As an aid, the first letter of every fifth line in the left-hand column has been underlined, and the corresponding letter in the right-hand column has been similarly underlined.

Evils nag apart,
- Lunacy, a war.
A few erase God's rota,
Glum or placid.
Are we zany, not sane?
Design us, Sign!
Oscillate men.
O Swarel!
A Demon's die rents a brae.
No gloss lacs a Relic - odyl?
No laets stem menial profits,
- A held, dumb bedel can!
A Man of Parms,
In a devil's rede confides!
Are Lives, in a mode, protyle?
- Remote tirade ...
Many rots onset a Roman Eyle,
- Vile Tare!
No senile tuts,
Allay a perse, rude Rider.
O Brahma!
Loot a burnet fosse.
Let Satanism!
Amid a benign Isle we jet.
- A ripostel?
Spue damps a jail.
Hades' Pall is no gardener.
A zany Mirror resists it.
O Genie!
Firm sin or a campus.

Can ultra pagans live?
Are we far away?
We radical promulgators, doges;
Is Eden a stony naze?
One metallic song is sung.
No medal warps,
Sol! Go near bast Nereids.
Steal only docile rascals.
Muddle hastif, or plain emmets.
Danim; raff; on a manacled ebb,
Is evil erased if no ceders live?
To merely torpedo Man.
No Story named a rite,
Onerate lively enamorates!
Repay all astute lines.
Harbored ire dures.
In a tasteless, often rubato Olam,
Jewels ingine bad imams
O Pirate!
Dahlia jasp made upsets.

Any data keeps us wary.
Sere Hell! - It's a blain.
If an apodal gyp,
Passes up mede,
A Goth sips.
A paralytic apostle wastes.
Putrid recluses orate.
Sputum set on ostentate lips,
As timid, simial anabases abye.
So cosy, we dos,
Till a gross end.
No feudal lord warms,
In a rude garb.
Muses oppugen in arch sin,
If we deport a Swan.
- Gree made taut!
Can assent repel a bask call?
A rut annoys sane men.
- A stir of tuberculosis?
Airy tasks, a metal boy,
Riled a tense rimer,

Rig, stir, pluck suds up!
Is sanatory reason aught?
At a fasting,
Vega so regnal!
Imperate lenity, not sad idlesse.

Mud riddles wales us.
Time gallops!
Ager venerable Manes.
Minarets of steel, odylc iron
imarets,
Nomadic sorts omened a nidor,
Let umbrose panades ruck.
Idyls nim oratory
Lanate graith, so pastel, lames us.

A laden "roc" stops edacity.
Don't negate hale nit-nests!
Arase garnered ire!
Frail truces retain.
O Master!
In a grot, sumps await fummels.
Idly rebate vocal agones.

Sentle, volage monastics
Ill-luck narcotises us.
Are voyages or astres safe?
O Ritter! Cesser of all!
Urbanise helots!
Monks Irk Cossacks.
Peek at adynamia
A finial bastille - Heresy - raws us.
O Pan!
Sappy! ... Glad?
La! Rap aspish, togaed empuses!
Dirt upsets a Welt's opacity.
Smut upset a Rose's ulcer.
So note!
- It's a splice; tat; net.
A banal aim is dim.
It's so dewy, so cosye ... Bases?
A due fondness, or gall?

Umbraged uranism ... Raw? Droll?

Finish craning up poses!
Chaws at rope-dew.
An actuated ameer
Yon natural lacks a bale pertness
But for it sane men ass.
O Lucre!
Oblate! Mask satyrasis!
Net a dellry!
As an era elapsed.
An alp sees,
A bare end of one voodoo.

God's proconsul lets tenets rot.
Arrant lovers renig,
A mis-sent Pen.
- It's a pseudo Genre!
Do magi bos's us; instill a stress?
A paganish cuss drats.
A dote files a bone.
- Its nain one?
Zeniths are past!
Wont' some gasp?
Mary's sober cadet
Saw an eerie halo.
Did Nero burn emetic xenia?
Gaste, no fleer's eyed it.
Infidels in Eden met no cost.
Leftist rats push to get
A free jewel, a casino
Be sure - vow all!
A tot deems a herb,
"Moss in a manor."
A boon terms a crass satanist silly.

Did a hedonist cartel
Display no gall? Effehr!
Base ids send a snide parrot.
A tide may nag,
A pert; sulk; calf.

One Moslem martyr, edicts in ode,
Hastes no Parcel.
Bibles old as Adam sit ...
A baste ...
We cite verbatim over,
Even worse dispute s; spites.
A Red is a nurse - Werewolf!
O Trader!
If a dire Jesu mews a story,
Recall a poem ...

Can a morose gap mar
Silk Coronae?
Can a pyre? Cross?
Lo! Did Eros put films in air?
A dip ... er Cart, lured no witness.
A smort ... A plain ego
Derides a ballad.
Nematoid; in a sin; among nits,
We fall - A gereg.
Get a hero; monk; rioter ...!
A dewy cage lay by a wastrel;
Allah saw strips drawn.

Pale arenas are mires.
Ne'er base espanades.
O Oven of Od!
Tenets tell us no corps do good.
Imaginers revolt narrators.
A modern Ego dues past ineptness.

So big!
A gap asserts all its nisus.
Such sin!
Tie no base life to dastards.
Rash, tine Zenonians
Most nowts ape!
Bossy ramps age.
Heir e'en a wasted acre!  
EndIdola!
Fonts again excite men ... Rubor.
If nitid eyes reel,
It felt so contemned; enisled
Gothä! Upstarts!
We jeer fate.
Ebon is acale;
Has meed total law over us?
A Man is sombre.
Sarcasm ... Retro! O Baron!  
Had idyllists in a tass.
Alps idle; tracts in ode,
A brief, fell agony.
A meditator, raped in sadness, dies.
- Omen of lack-justre pagany!
Cidery trammels ... 
Bible-crap onsets a hedonist.
A bat is mad - a sad losel.
Never evomit a brevet. Ice
wets!
Set up sides, row.
Ewes run aside, rase tips,
Jerid afire! Dart of Lower!

Opal lacermy rots as we muse.
O Roman Acme!
No rock-I's rampages
Sorcery? ... Panacea!
Lift up sored idols!
Ultracepiderianism?
I wonder ...

Do genial patrons asssent?
Amend all abased ire
No man is an idiot.
Hate; gereg, gall - a few stings.
We dare to irk no more.
- By a legacy?
Wash all alerts away.

A Hot Ogre vests any dons,
A stifled era, ere versed.

A rapt fossil; blatant, if null;
Liveliness is erased.

If a late pastors age,
No damask raps do gyre
In Eden a task sates;
A wen of foes rows,
- Timid-sworded argosy!
Won't rats spatter cesspits?
A mere wen? O Last Castle!
Are we now too bated?
Saps tote pagan wads.
Both cramp us.

O slay order! Abet a fast, illicit surge!
Is a bond a hem?
Lace regalia ... Hedonism rots lives!
It's a drowsy revel.
Awe-filled at icons, we hex all.
No gyrating ids dog bards.
Rifts! A fatness - ramose.
Rum for a wasting ism!
O Fox! A pastime revered!
We retire, fed on evil.
Erases such tribal life.
An acrid and local aroma,
Poor; tame; total; unnatural life-times?

Utes put on nacre.
Can it issue damned enactions?
O Fecal Pariah!
Bots leer!
Tell every aged one to merge!
A Saw's use jug us.
Rocs are reviled.
O task! Sad ogres olden;

A Helix enisled - Omen of Ill!
Comatosé, vital eras passed.
Damned rows! Names ruck ... 
A vast ill acts alone.
- Gibbets!
Gewgaws to play order on?
Lap up all its fine power!
Simian awe ... Fast esteem ... 
Gild local laps! Live!
O Buoyer!
Are we to say "no",
Before paths are lit?
A Lover is won.
An era's Name reset a rose babel.
Did ailing inebrate,
Allot a pagan a title?
Do most reverts oppugn it?
Tips possess a metal elan:
A Boot erased a rite.
Does a bane peril a renegade?
Meu queme s rows ...
Tired? ... Lost?
In ruby rifts a lot is drawn.
One metallic song is sung.
Is Eden ... alone?
From a daedal gem upset,
A base vaccine rises.
A gored wall lets us gage, no lane.
Vassal castes sat on era's tips.
Secret sin is tended afar.
A Wonder began on a cot,
In a byre - Simple Hero?
Fates erase zany ties.
A bard-set insured no war.
O Tacit Song or Poet!
Israel ... Can one design it?
Lax eon meets eon; wards rot.
Send an omen!
An inane, venal class;
A vast filth - Guano it!
An id roots us moody men.
Eden made no salaam.
God's names are deep:

An id roots us moody men.
Eden made no salaam.
God's names are deep:
- Satan amasses booty.
O Jesus! A moral age,
Do sages repel dieting?
Is God’s raceway so grassy?
Basal tastes say "no".
Before parts alone were man-made,
We relieved insanities.

A bane denies order;
Casting up misery.
God’s lost in us all,
A past natural life.
Bob tests a van...
Is it love? Rev it!
Can a story rot an asset?
- Are brats at Israel cerise?
- Many call aery bets.

A wino put up sillier eras.
- Those rip meek attire.
Meu gave no cats to rats or
felines.
Tense births are bygone,
Yet I won no war.
Did one post insane men?
An idiot amended no banana.
Ira! Has Dino been as a self-furnace?

Can a tot jiven a wasp;
Mule so old; a hero?
Fates snag roses so flat and loyal
Eros! Did Ross yawl?
A miser is no newer.
A daft, pallid era fared ill.
A padre had no bond!

A Moot Sign; a Gay Age;
- Both crammed a nadir.
Can all Essenes seek a mere carton?
Did Derek impugn a rise?
We tag a new Anne;
- Her idyll is not insured.
Rose lays ramparts on Bantu byuys,
So Bill asks a toll.
A Banding a baton.
Hannah saw some dynasts;
- I met ten.
Give no dill a prod!
No fret sates one lord.
Well, a renegade rips an id.
I made roots too, by no brae.
Will I trap a gay motet,
Or will I warn a belle?
Boys open an inane posy,
As a mob massed.
I say we depart now!
Get a gannet to rap a sot.
Lo! Did a bare drone beg a trepan?
I lived as a sign,
Or wasting nits all lay.
A pert relates one tale.
Rae! Can a plate mask calm sin?
A morose racist fed a bonded daw,
On speed, as Rip ate vile manna.
Crisp morons warn Rob,
But Spiro gets a vase.
Pam lifts a fan - even I spun.
Waste no days on an isle, Beryl!
Gush to Mel a yodel.
Did a late ho st cast Ella ere noon?
Sid is not as bad as Lee.
Reg reveres an olive, for,
- It's a wonder ... a debt?
No wire nets a fleet.
So! Poor Dan is ill.
A rose rut parts a posh col.
Large totems gaged a mill,
As I lay by Alec.
An emeu gave zany Meg,
A rimy pel~el so dire.
Japanese boss Elsa with gusto.
I wrote to my aga - part ill!
O Belle! Ban raw ill!
Sambo! Ma says "Open an inane posy."
A teg won't rape dewy asides. 
To sap a rotten nag.
Ben! Order a bad idol
In a pert age.
A wrong is a sad evil
Repay all lasting nits.
Relate no set alert;
I care, so Romanism lacks a met-al panacea.
A deep snow added no bad efts.
No romp, Sir, can name live tapias.
Rip stubborn raws!
Even a fast film apes a vast ego.
In a nosy ado, net sawn-up sin.
O Yale! Moths - ugly rebels,
A lad idled ...
Let's act so het!
Is no one real?
A dab sat on Sid.
A stir of evil on a sere verge reels.
I won't be dared now.
O Steel Fastener!
Or all, is in a droop.
Tote gralloch, so past raptures,
All I made gags me.
My naze, vague menace, lay by a lis.
O Sleepy Mirage! 
I was less obese, nap a jerid.
Gag idiots - ugh!
Rot! A wasp is so gamy.
And no fast nawab abets a wan ruby.
Tap on aught - I was ill, lagging ...
Puny, lost rats awe no troops.
Pewter ruts are voted as urceolate hates.
Ere gas a didapper asks a mad idol
O Opal Likeness!
A lasting isatin killed a nice tzar.
Umpires abate lewd, idle gnats.
One damp, moral lapse can nip sage bits.
Ron set a gay age by gewgaws.
- It's a cyma!
Elate mixes, senile manes ... 
- Jb's all orts!
Sarah tats olden, tubed irades.
Set up sides! Abate a lede-monk!

Late, base disputes go flat,
And no bods nag a pig.
A model baths a clan - ever older.
Can God's player get Al a sax?
Alf! Ed! A jade tide raps a Goth.

Sir! A gyp sets sums.
Seth sipa wen as super as
tinsel.
Did a cadet turn odd?
- A bad, loose lord ..?
Dot, Ali, Otis, Bob - rats all!
- It's a torpor!

Do sops agree?

Jim, Adam, Ema, Tim, Ada,

- Most can my door.

A Dane rates or a weka mews.
A sure Wop menace came.
No lone kiln is still ... 
- A yap ere we pall.
A task comes so fast, in spasms.
A crass golf-fop uses such su-
pine men.

An idiot; secret Lama,
Spots even a clod.
In a trap sat a trader.
If an issue was tense, we lived.
Do gods garner a knot?

As Mum made notes I made port.

O Gem! Cadets abase no petals.
A nude man fists a free man.
We had a spud.
Nero stops no war.
Did a don see strops?
A meet sees a rise.
We set a brat to confine my rota.

Toni! Man is all a sin.
I gorge no stone, so Ray began a con.
Aught lifts a pliant net.
O Fat! I menace no fitness.

Sir! A gem!
No citadel berths a gate,
Yet a big nib besets a wen;
- It's all ors!
Won't Eve sup me too?

Mel! A bane won a coat.
A jade rets a gnat,
A s no elate man is tired
Rona bans tinselirths; a llano.
Will I beg?
Are we set as small as a nog?
Won't I slap one venose target.
Israel. . . Can one desire.
Poor tasks are no lone tirades.
A Rasp mars all -- it parades.
Are motile debates pure talk?
Wager us a sip.
Ah! Can a dote dull a net
For one vile pall?
A top mite has a name,
Remote, mock cull!
Lisa here heard no blare.
Bill! As a bare woman acts, I fret.
We post Sid a speedy carnage ...
Most fight!
Rondel light lifts a last lax Essene.
Nola! Tot! Fill a diadem;
March to beg,
Are we pagan? It's older.
O! Set art nods too.
Be calm, Adam; live on reviled.
Sue wastes no damp.
An eye's orb must feel distress.
A belle was Mary, not Sam.
La! Pander Bill;
- A man one was to stab.
A jeu grasps a damn martyr; a warstrel,
A clap only rebels.
Am I past it now?
Sis is a boner, eh?
We fill a rut, Anna,
But is nine my real age?

dell - it's not a sewel' ,
It is a warm aisle.
Beryl! No pal cast in dude garb must sit.
Fell apes pail a cold nadir.
Can a tall Arab menace no law?
On no day a set nets a hedonist,
So he tuts a wart.
Ross an! I were mates, so cosy.
A dynast lobs pans to Lynna.
Can a tot's dill order a dim sign?
L's t's a late spur!
Even sums are foxy:
No liar toed one line.
- It's in a metal eon.
Nits nab an order;
Bill! I won all ash trifles.
Nasal lams sate sewerage.
Grates on even opal sit - now go!
"Is Eden on a clear site?"
No loner asks a trooper,
As ramps arased a rite.
Upset a bedel - I, Tom, erased a rapt ill,
A chap is a sure gawk later.
O Tall Ape! Liven, or often allude to Dan.
Has ill-luck come to mere Man, as a het limp?
Bond Rae here?
Can a mower, a basal liberal,
O Pewter fiast!
O Megan! Racy, deep sadists.
Gilled north? Gifts?
Aid all, if total oneness exalts a last filth.
Lost in a gape we rage - both crammed.
Lace boots don't rate so red.
Deliver no evil, Madam,
Mad onsets awe us.
Umbrose, ye nap.
Eb asserts idle efts.
As Tony rams a well,
I bred napalm.
Jab at sots - a wen on a mall,
A wary tramp; mad asps argue.
God's alerts!
Won't it sap imaginers?
Ban natural life where no basis is.

Boot dahlias onto regal, aery men - in situ.
We sat on stilTed asses.
I am raw as I tire.
A clap only rebels.

Ram all optics ... sob.
Sons barge lamas at sales.
I rasp; I troop to grab a gewgaw.
O Seer! Cases or fine venial
poses?
Sam! Eva here gasps again.
As uneven as nine esses.
Wash tabs in odas,
A job of aspired ists, a fane.
On Sue, vigor ended.
A mew to dire Proteus,
Is Eden a ban - a cruel, flat oratory,
- Drab, not exalting.
Senores, I'm a taper of alleys,
I limp, Otto. How tropal!
So rosy Cids await.
Sop misled omniana in motels:
Onto gay rotas we fructuate.
Dog amile efts; umbonal lasses
sopistic
Hem ostracode wares!
Walled omegas, awash, cramp me.
Bates putrid tubs.
Ledes abay as sage, regal ana
I aspire to no set age.
I'm a dago bastard,
A fallacy; a myth, gimlets a pas.
Live in a jet - a hewn, ever-
off rest.
Rapt in a didynam or a Spartan
role,
I kneel - I arose to Veda,
Rucks amass!
Me? Damn all awed ones.
Rase odd alga!
Al! Pot celluloid areca;
Above rotting isms.
As I put a sewn wad, tagged,
Let a lame gal lessen otic atony,
Damned rags are very bonded or
rococo.
So model a gay name.
Stella! Money estrays,
All aces retaliated.
What is in a desmid, an opus?
O Lere!
Piscines seem wet," sez a monk.
No mates are late.
Man! I see good taps.
In a fatal, remote spot sits a map.
Use right lift, on for a way!
No... left!
So, let a base cartel distill a fog:
No sad idyll is erased.
A rider cast nary a mist.
Many mods back compo tax on a roster.
Get up to ponder a bore.
Here, maniacs do omen a sparse ill.
A star began at a sewer,
As I roamed under its gullet.
So! Hades' pale gap marks.
A mad wont is in even us.
La! Demons tend no fonts.
A case carts a flash sari.
Mab beset a god.
Erin is worse off one day.
No beer upsets at a malt repast.
Sit! O! Get a damp marmot to ban it
If Sam elude s a bad, low angel,
A boss eyes no review;
A diva notes Tony.
Arts liven as I rot.
Can a boss-player get aloe?
Crude garb must cage my reel last.
Can Adam's rooms be?
- We ride its girders!
Can't I bar glossy ale?
Bret lifts a vase.
Lord! Do spots debase no dicast?
Seth's a gay, rank cull!
Lisa, here, may beg a sneer.
Greg! I tone Tim's tub.
So bold loyalys tip:
A tot masks a leer.
Can I now erase Carla?
I never use both sadism; regret.
Sad eras pass some kids.
Draw deep - it's an opus.
Tell a wee sot, "Pots sag".
Even I play by a lion.
I was a liar...
A wrong is a tonic!
Nice lasting isatis.
Stew me Essenic sippets;
Set a monk no maze?
Do ogues in a metal era
O Merl! At a fan I spat.
Up a mast I stop, set.
A war of... not filth... gires!
Abate lost felony?
Did a song of all its idle traces
Sacred irades are silly.
At nowts I may rant.
Do my names irk nits?
Put egrets or an ox atop mock cabs.
Cain, a mere hero, bared no pot.
Allies rap same moods.
Are we Satan-Age brats?
Lapsed, a hostel lugs tired, nude Maoris.
Uneven... Is it now damask rampage?
Fast races acast no fond nets, no medals.
Am I rash, Sal?
Do gates ebb?
A den of foes rows in ire.
A pert lama tastes pure ebony.
Mad at egotists,
Flt in a bottom ramp.
Gnaw old, abased ulemas.
I've Ron's eyes, so bale.
Not set on avid awe.
An actor is an evil stray,
Urceolate, grey alps sob.
Meg acts unbraged.
Moors? Ma! Dan acts all eery,
Sacred rigs tie dire webs.
A vast filter belays SoL. Grab it!
A bed stops odd roles.
Nary a gash tests acid ones.
Green sage by a mere has ill-luck.
Slay old lobos, but smite no tiger.
Ask Sam to tap it.
In a creel?
Venial races are won.
Germs! I dash to be sure.
Edward's dikemoss saps a red aster,
Stop to see wallets upon a stipe.
I lay by alpine vegas.
Fred! Lessen damp; Elder, frail as a wino,
Mill a cold, new one. End local limp madness!
Fill a rose tarn. Estimates oral life now.
It seemed a cadet saw a part, A wasted academe
No dewy grower beheld. We don't rap.
It's a laser! A last idle Hebrew orgy,
I fret to confine my tin, Men! If no cotter fires,
As still as Tim. Commits all its sanity.
Mock colons adorn it, Opt in rod, as no lock,
Post rats to Iraq ...

Editor's note: In a recent letter, Jeff Grant writes that the palindrome which he sent to Guinness, presented above, has since been expanded to 10,230 words; in the process, he has made hundreds of adjustments to the original. He is presently writing up a "translation" to aid the reader in understanding the hidden meanings of the enlarged version. David Stephens, whose palindromic work has earlier appeared in Word Ways, recently completed a palindrome of approximately 5,300 words. These are at present the longest palindromes known to the editor.
