In the May 1974 issue of Word Ways, Darryl Francis and Ron Jerome presented a 1961-point single move in Scrabble, based on the word BENZOXYCAMPHORS. By modifying this solution, I have succeeded in adding one more point to it:

```
S J
Q U E E V N
A I T T S A N
O N G Y R A
O D F T U E L B I
T R I O C
P
R O G Y * I M W I N K
O D E A F A L E E D S
V U U N R A H
E D L I E G A
R I E E L A T T I E W
B E N Z O X Y C A M P H O R S
```

Words not used in the earlier solution are: oot (modern Scots form of 'out'), du (Scots form of verb 'do'), tue (short for 'tue-iron'), tri (early form of 'try'), dut (obs. form of 'doubt'), im (obs. form of 'him'), goyim (pl. of 'goy'), gauđe (form of 'gaud', a toy), odea (pl. of 'odeum'), es (archaic form of 'carrion'), leads (early form of 'leads' or 'lades'), tiew (var. of 'tew'), gauđez (prayers beginning with 'Gaude'), dutiful (early form of 'dutiful' in 1552 OED quote), flowereth ('flowers', as in the 1645 OED quote 'Christ, who perfumeth and flowereth heaven with his royal presence').
