

THE LOGOLOGIST'S LOVE LETTER

RICHARD M. LEDERER
Scarsdale, New York

Editor's Note: The following letter was written by Richard Lederer after a fight with his wife-to-be, Carol, when he was a student at Yale and she at Pembroke. Note that it contains no repeated words.

All asses are able authors. Balderdash bespeaks base behavior bringing brutal buffoonery. Cancelling correspondence causes conferring copious capricious childish censure. Dislike damsel displaying deceitful demeanor, disloyalty disgusting, Eliminating embryonic emotion endangering enmity. Facetious foregoing foretells failing faith; female's fickle fervor furnishes flagitious fondness -- forbear. Gabble gap garners greedy gestures. Harsh harangue hastens Herculean hodgepodge, hope human humility hurts her haughtiness. I imagine ingenious idea incapable in invading impervious intellect. Jeer justifies jocose jabber. Knavish knock keeps kennel keen. Lass laments letter lapse, lasses love's laxity! Lederer longs lenity loquaciously. Minor moratorium makes misanthropic malediction molest me, my mourning mutinous. Naive nefarious narrative nauseates. Obnoxious obloquy odious, offense offers opportune opportunity of opprobrium, ommitter offers outcry oppugning opinionated onset. Penman pleads pardon, pacifying particular passionate Pembroke patience, pause provides pleasing peace. Quixotic querulous quarrel quickly quelled -- quiet quintessence. Rash rebuke regretted, Richard rapidly retaliates rectifying reprimand, redress requested. Should spurt satisfy, sear stricture, sees scene serene. Taciturn tendency transgresses treacherous trait, truant tolerates tirade tranquilly. Umbrage unfounded uncouth unkind undertaking unexampled. Vagary vexes virgin. Writing wings way wreaking wrong. Xanthippe!! Yaleman yearns you. Zest zooms zeroward -- zounds!

Absolutely bushed collegian depletes energy for girl. His interest jaded kisses love mentally, next occupies pillow questing repose, sleep taunts, unsleeping vexed, wishes xanthous, yet zero.
