

CELEBRATION OF MIND

SCOTT HUDSON
TOM RODGERS
Atlanta, Georgia

The second Martin Gardner Celebration of Mind will occur Friday, October 21st, the anniversary of his birth. This event is meant to remind us of the multiple contributions of the late Martin Gardner that continue to inspire mathematicians, magicians, puzzlers, etc., from all over the world. It is not a memorial but rather a way of discussing your favorite ideas, new or old, that were inspired by Gardner. If you wish to participate in a group, please contact the website below. Several articles follow that were submitted last year.

GATHERING 4 GARDNER MARTIN GARDNER
CELEBRATION OF MIND

Join us for the
G4G Martin Gardner Celebration of Mind II
Friday, October 21st, 2011

A global celebration of Martin Gardner was held on what would have been his 96th birthday in 2010. Events varied from small gatherings at private residences to large events at Universities. You can see some of the fun at:

<http://www.g4g-com.org>

Please attend or host an event of your own this year. Public or private they are intended to be personal expressions of learning and curiosity. Starter ideas and host resources are available on our website.
