

## Morality

*by D.D.*

The decision of his life  
is in the air;  
as he walks across the tightrope  
from one platform to another,  
he manages to live and  
when asked how it works,  
he says, "It's easy—  
when I start to fall over  
on one of the sides,  
I lean toward the other."
