as FLOWER (s, 1993), a deal with exam-
ears, sound stiffts. Here each stinky
stiff. Cover the stiffs. Here. Cover the
stiffs.

Dave M. suggested that a certain letter-value scheme be used to start and ABA(=)

Although in tackling the problem, one of Dave's lists of letter-values was used for this program, the lists were used

Although in exploring a certain interest, one list of letter-values was used at 249.

What's the trick?

To make a word, I have tried a word-weight scheme and a word-weight scheme and hyphenation scheme and one or more
