NATIONALI-TEASE

STEPHEN SNIDERMAN
Youngstown, Ohio

The words we use to refer to people from various countries do not always follow a predictable pattern. Thus, someone from Switzerland is Swiss, from Wales Welsh, and from Holland Dutch. Each sentence below contains the name of a country and an adjective describing the nationality of that country's inhabitants. Letters that are identical in both words have been omitted. In each case the answer is unique.

1. Someone from _P_MARK is _A_IISH
2. Someone from ___ _Y is ___ _IAN
3. Someone from ___ _O is ___ _AN
4. Someone from ___ _LAND is ___ _TISH
5. Someone from _A_ _E is _E_ _H
