

# BOOKS A-LIST ALIST

JAN ANDERSON

New York, New York

Below are listed the scrambled titles of 11 current and known non-fiction and 6 fiction books. The scramble refers (perhaps obliquely) to the book's content, as does the "review" (using the same letters) that follows. The scrambled author's name puns on something about him/her or the book. Listings are in alphabetical order by the real book titles.
