

# PHALLICDROMES

HOWARD RICHLER

Cote St. Luc, Quebec, Canada

My friend and colleague Richard Lederer just published a delightful book called *Nothing Riské, Nothing Gained* (reviewed in November 1995 *Word Ways*) that features virtually every form of ribald wordplay. Missing from this collection, however, are bawdy palindromes. Here in alphabetical order are some naughty palindromes I've dubbed Phallicdromes.
