BANANAGRAMS 2 Edmund Conti

You're listening to Beethoven when someone is paged.
Are you calm? Or like me? Angered. Enraged.

Of bad times in life, I've had a myriad.
But old age has got to be my dopier period.

Spike Lee says to do the right thing.
But as for me, I'll do the night thing.

He loved the movie and he won't stop raving.
I think more negativism would be timesaving.

Seahorses? How stupid! Don't be a fool.
For water polo all you need is a pool.

Downhill skiing? Remember, please,
To steer clear of any trees.

Now that groping's out, forsooth!
Just make sure your touch is couth.

I'm not a prude or as pure as Heidi.
But I find frontal nudity quite untidy.

My poems have been stolen. My speculation?
I'm a victim of unpoetical peculation.

Someone took my purple cow.
I have to wonder who and how.

THE DENTIST (ETH STINTED) William Webster

"Dennis Hurst, Dentist" read the small sign outside the room. "Slogan:
no pain, no gain. Gum disease, plates, dentures."

Those words were not endearing. Rose read mags, not too keen with
being there.

The aide came, smiling. "The doc is ready."

"I'm not," Rose replied.

"Just relax."

(She could mentally review Scrabble words; three letters.)

Doc Hurst grinned, seeing the lithesome brunet.

"The lowers are sound--no dentures, yet. Open wider, please. Ah!
Let's recap the second molar," he appraised.

"Right now?" Rose said, harboring fears.

"Sure!" he smiled.

"Does it hurt much?"

"Naw" was the casual statement.

He medicated the spot. No complaint.

The procedure done, he said, "It wasn't so bad?"

Rose was silent at first. Gesturing, she replied "Expecting the worst,
it was really OK."

ALPHAMETISH CABELL Mike Keith

573 + 18930 + 6 + 286344 = 305853

20 + 794608 + 56 + 14326 = 809010

86 + 689 + 25 + 39913 = 40713

47 + 856 + 49216 + 73 = 50192

8597 + 432 + 94856 + 432 = 104317

36 + 45 + 94706 + 8369 + 20 = 103176

25218 + 714 + 598164 + 360598 = 984694

32 + 95082 + 46 + 647 + 8778 + 46 + 647 = 105278

42 + 607 + 9448 + 41 + 42 + 607 = 10787

6528 + 73 + 497823 = 504424

8967141 + 240 + 67141 + 93 + 67141 = 9101756

4231770 + 4720094 + 6271 + 8965 = 8967100

$$4082471 + 239 + 2153530 = 6236240$$

$$47353 + 81 + 6 + 45860 + 268509 = 361809$$

$$12 + 674 + 9324 + 508 + 32 + 674 + 8452 + 497042 = 516718$$

$$130 + 9724 + 130 + 1790 + 80998 + 724 + 80998 + 724 = 175218$$

$$486 + 198327 + 5483 = 204296$$

$$285915 + 215 + 8985 + 706 + 8985 + 31 + 2748 = 307585$$

$$41 + 74927 + 60857 + 367 = 136192$$

$$539032 + 74738 + 76 = 613846$$

$$213 + 255780 + 6465 + 299613 = 562071$$
