

# MY BEST CANADIAN PLACE NAME TRANSADDITI<sup>N</sup>S

In "50 Best Canadian Place-Names" in the February 2004 *Word Ways*, we offered a list of Canadian place name transpositions. Here we present a list of 69 Canadian place names for which there are 200 transadditions. We chose to limit the list to 200 but we could have found further examples. We also could have increased the number of place names, but the lengths would have begun to fall below the nine-letter level.

An interesting question: how many *Word Ways* readers live in these places? Our first guess might have been zero, until we recalled that one of the places is the province of Nova Scotia itself! However, the editor assures us that there are no subscribers currently in Nova Scotia.
