OVERLAPS Part 2

SUSAN THORPE
Great Missenden, Buckinghamshire, England
thorped@hotmail.com

In the first of the letter overlap arrangements below, the offspring are obtained from the parent word by reading from L to R. However, unlike the L to R arrangements in Overlaps Part 1, the offspring from the end of the parent word >1 precedes the offspring from the beginning of the parent word >. The pairs of offspring form a phrase-like configuration or are related in some way.

> >
1-letter overlaps
Ariann’s = Anne’s aria
skill = I’ll ski
3 offspring: mine, I’m Di

2-letters overlap
please = ease plea
side = idle Sid

3-letters overlap
