

## POEMS – PART I: Letter C

Another contribution from John Bannon

### Crabs

Crab clans croodle, constantly creeping. Canoes creep closer. Confused crab clans chimble; clowcash calenture.

*Small crustaceans creep about closer together. People in canoes come closer to have a look as the puzzled groups of crabs fall apart into smaller groups, acting crazy because of the Sun's heat.*

### Crabs

Crab clans croodle,  
Constantly creeping.  
Canoes creep closer.  
Confused crab clans chimble;  
Clowcash calenture.
