

A KEEP-AWAY PUZZLE

By Jeremiah Farrell

AID	DEN	MAY	SIN
CON	EMU	MIL	SLY
CUD	OLE	SAC	YOU

Place the 12 words on the grid to play "Keep-Away" with the letters. That is no word is joined to another with a common letter. This should include "Keep-Away" on the three four letter lines LUNA, ICEY, and MODS.

Also, what single word is anagrammed in the nodes?
