In *Beheading and Joining* (Word Ways February 2015 page 65), a common letter, or group of letters, is removed from the beginning of 2 words and the 2 remaining sets of letters are joined to form a word. For example: ACES + ACETONE = STONE.

In *Curtaining and Joining*, a common letter, or group of letters, is <u>removed from the end</u> of 2 words and the 2 remaining sets of letters are joined to form a word. Here are 2 each of A to Z examples:
