

DEFINITIVE ANAGRAMS: A-Sk

ANIL

Perth, Australia

These are largely catch-ups of new anagrams and polyanagrams from earlier letters (A-Sh, WW '03-05, '12-13, '16). Also included is new coverage of Si-Sk as I slowly plow thru the Macquarie Dict. I eschew using etymologically related words or any anagrams largely occurring in Ross Eckler's exhaustive collection up to 1991, *The New Anagrammasia* (WW monograph 2). Zips are marked |.
