Four Stripper Moves I Learned During a Night of Drinking in Manhattan Beach, California

--Mime these as you dance:

1. Washing your hair
2. Taking off long gloves
3. Pulling a shirt off over your head
4. Cleaning out the peanut butter jar *

* Imagine you’re putting your hand into a jar of peanut butter to get the last of it, except the peanut butter jar is your ass, which sounds gross, I know, but if you sort of use your whole hand and slide it up your ass in the right way, it looks pretty sexy. I have not personally mastered this move but I have seen it done well, so I know it can work. Practice these techniques in front of a mirror, or with others who, like yourself, appreciate drinking, fucking, and great literature, and who wonder why university English departments are so priggish, as well as condescending towards Creative Writing departments where after all literature is being made by living writers. Screw propriety. Make art. Don’t stop dancing.
