We challenge WORD WAYS readers to construct illusory patterns for verbal triads such as beget begat begotten, choose chose chosen, drive drove driven, eat ate eaten, fall, fell, fallen, freeze froze frozen, get got gotten, give gave given, hide hid hidden, prove proved proven, ride rode ridden, rise rose risen, and sew sewed sewn.

HIYA, ED!

A collage of colleges is camouflaged within the universe of universities presented in the twenty-question exam that follows. Simply extract a letter from each word in the list, implant another in its place, and scramble the resulting collection of characters to reveal the requisite institute of advanced learning. To wit, ORALLY would become BAYLOR upon rearrangement after “B” replaces one of the “L”s.

Score five points for each correctly-identified campus. Now open your test booklets and get started!
