

SOUND BEGINNINGS AND ENDINGS

This is all to do with the pronunciation of the beginnings and endings of words. For the beginnings, I chose the letters A to Z as they are pronounced when reciting the alphabet (using Z = zed, not zee). For each of these alphabetical beginnings, I attempted to find 5 words with endings A, E, I, O and U respectively again as pronounced in the alphabet. The beginnings and endings of the words are phonetically accurate and most of the words can be found in the Oxford English Dictionary, 2nd Ed.
