

BIOLOGICAL GEMATRIA

ANIL

Perth, Australia

The gematria or alphanumeric values (AV) of the 837 biotypes in the M-W Pocket Dictionary ('06) range from 12 (bee=2+5+5) to 176 (whippoorwill). They include every value from 21 thru 134, of which only five are solos; the other one hundred nine AVs have at least two cases. Of the sixteen outside the 21-134 cluster thirteen are solos and only three have two. Thirty-one AVs have ten or more. The highest are 57, 59=76 and 50 with eighteen, seventeen and sixteen. The 837 include 511 animals, 293 higher plants and 33 other (fungi, moss, etc). Of the animals, 224 are mammals, 119 birds, 20 reptiles, 8 amphibians, 48 fish, 52 insects and 40 other invertebrates. If you would like to see the complete list email me at anil.123@bigpond.com.

The list contains many matching AV pairs, most notably six that are synonyms or same species:

AV 26 cub = bear	42 bitch = cur	66 cattail = rush
72 ferret = polecat	74 burro = donkey	95 palomino ≈ mustang.

Five are of the same genus:

56 collie ~ wolf	59 crow ~ rook	72 tomcat ~ wildcat
64 jackass ~ filly = 74 donkey ~ pinto.		

Eleven are of the same family:

22 bean ~ pea	34 alpaca ~ camel	48 rye ~ bamboo
39 duck ~ gaggle = 61 mallard ~ goose		73 lemming ~ mouse
43 bobcat ~ calico = 50 cheetah ~ lion ~ tabby		78 goldfinch ~ grosbeak
68 chamois ~ gazelle = 103 billy goat (or billygoat) ~ longhorn ~ muskox.		

Six are of related families:

26 cub ~ dog = 64 bruin ~ whelp	49 chimp ~ gibbon	
53 anaconda ~ iguana	57 catbird ~ grackle	98 buzzard ~ osprey.

Six more pairs are of the same order and seven of related orders. In addition, eighteen pairs are broadly or otherwise related, not necessarily taxonomically, four example:

54 larva > pupa 59 almond ~ cashew 68 brush = shrub (anagrams) 89 virus = parasite.

And fifteen AVs contain large groupings where the AV applies to the group name as well, eg:

43 = fauna + eight animals 53 = mammal + five mammals 63 = plant + nine plants.

Some "higher" maths:

24+63=87 kid + cannabis = sequoia
39+88=127 emu + marijuana = butterfly
37+51=88 mare + pot = antelope
22+42=64 ape + hemp = jackass
53+48=101 sheep + rye = dinosaur
28+22=50 man + coca = lion
34+88=122 chick + poppy = mushroom [vb]
40+88=138 cow + jimsonweed = night crawler

30+71=101 mice + equine = centaurs
